# Leaving the EU: what it means for the marine environment

- What do we want to achieve?
- What are the issues for marine?
- How are we going to achieve this?

# Leaving the EU: what it means for the marine environment

## What do we want to achieve?

- 25 Year Plan
- Securing clean, healthy, productive and biologically diverse seas and oceans
  - Achieve good environmental status
  - Allow marine industries to thrive
  - Complete the network of MPAs
  - Put in place remaining marine plans
  - Working internationally

# Leaving the EU: what it means for the marine environment

## What are the issues for marine?

- UK marine strategy (MSFD)
- Management measures in offshore MPAs (CFP)
- Habitats and Birds Directives
- Marine Plans

# Leaving the EU: what it means for the marine environment

How are we going to achieve this?

- Withdrawal bill
- Make existing UK legislation operable
- UK legislation

# Leaving the EU: what it means for the marine environment

## What happens next?

- Implementation of the 25 YEP
- A new UK marine strategy aligned to UK priorities
- International leadership
- What do we want to change?

# Thank you
