

SHORELINE MANAGEMENT PLANNING AND ACTION

Coastal Futures conference
15th January 2020

Catherine Wright,
Director, Digital & Skills

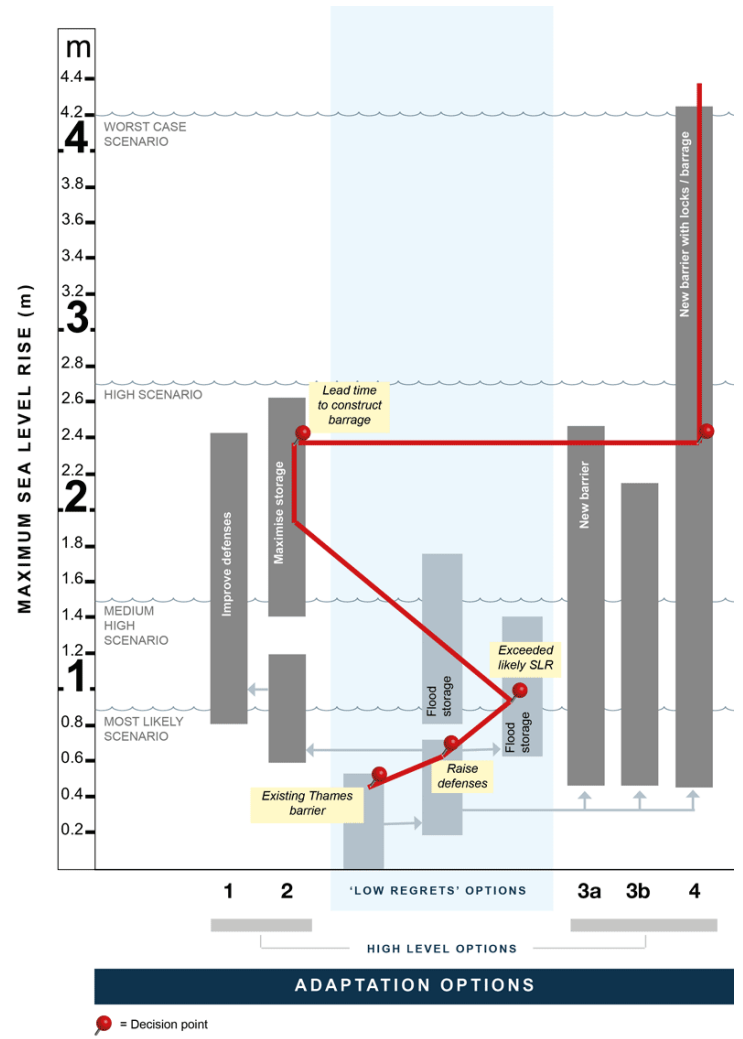

Nick Hardiman
Senior Coastal Adviser

Our coastal future – resilient, dynamic and thriving

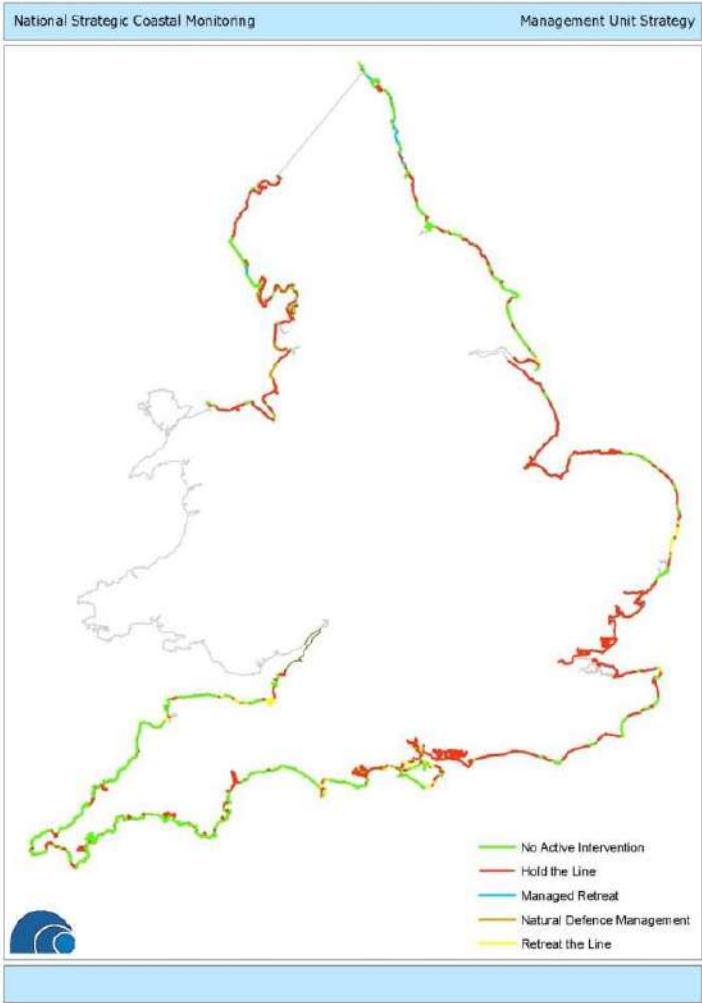

The front line of climate resilience and adaptation?

The Draft FCRM Strategy and Shoreline Management Plans

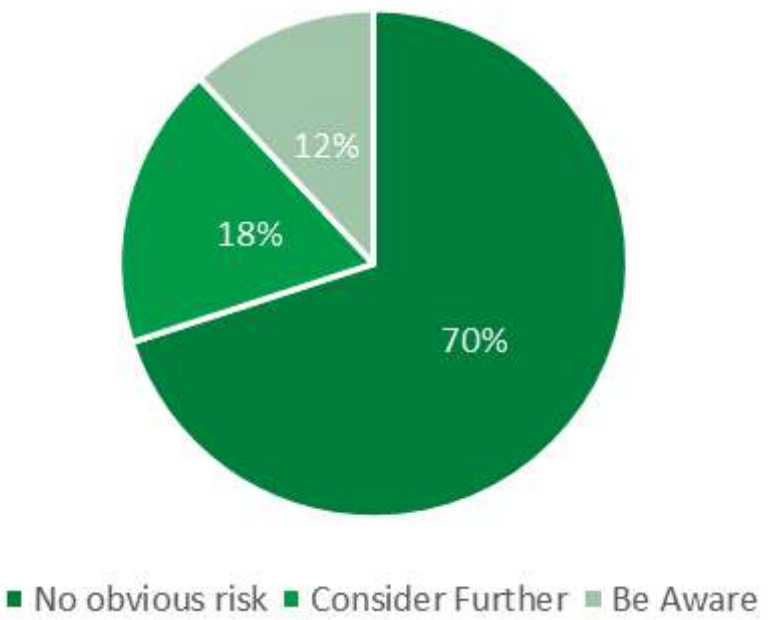

- ✓ Climate resilient places
- ✓ Today's infrastructure tomorrow's climate
- ✓ A nation of climate champions

Shoreline Management Plans – climate resilient?

2005-2025:	
Hold the Line	52%
No Active Intervention	38%
Managed Re-alignment	10%
2025-2055:	
Hold the Line	46%
No Active Intervention	38%
Managed Realignment	16%
2055-2105:	
Hold the Line	46%
No Active Intervention	39%
Managed Realignment	15%

...Budget resilient? Politically resilient?
Ecologically resilient?

Refreshing our Shoreline Management Plans

“How ‘deliverable’ are the management policies in SMPs?”

“Are local authority planners ‘materially considering’ them?”

“Are they raising expectations, blighting community hopes?”

“How accessible are they to the public and professional users?”

“Are we confident they are environmentally sustainable – or optimal?”

“Are they properly integrated with other FCRM and Marine Planning?”

“Can we better monitor progress and spot problems early?”

“Are they considering all the best evidence and research?”

“Is everybody following due process?”

“Are epochs and management policies right?”

Refresh not Review

Making the best better – the time is now

Shoreline Management Plan Refresh

Accessible and user-friendly

Sustainable and achievable

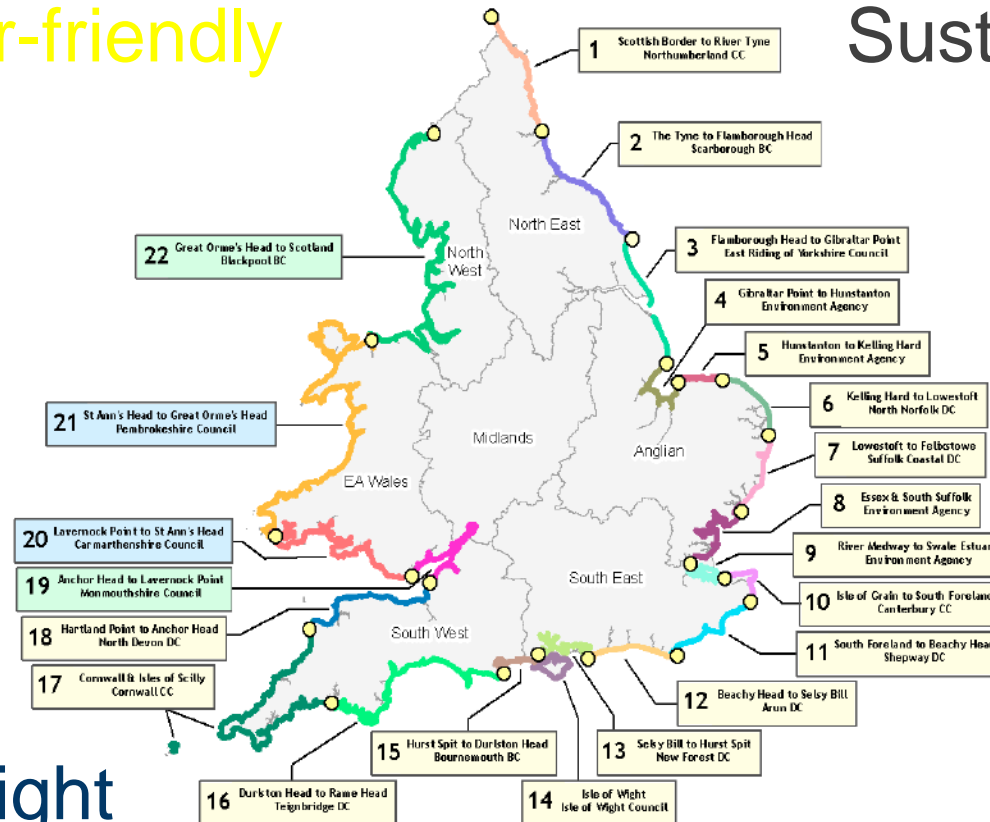

Well-maintained and up to date

Visible and influential

Technically reliable

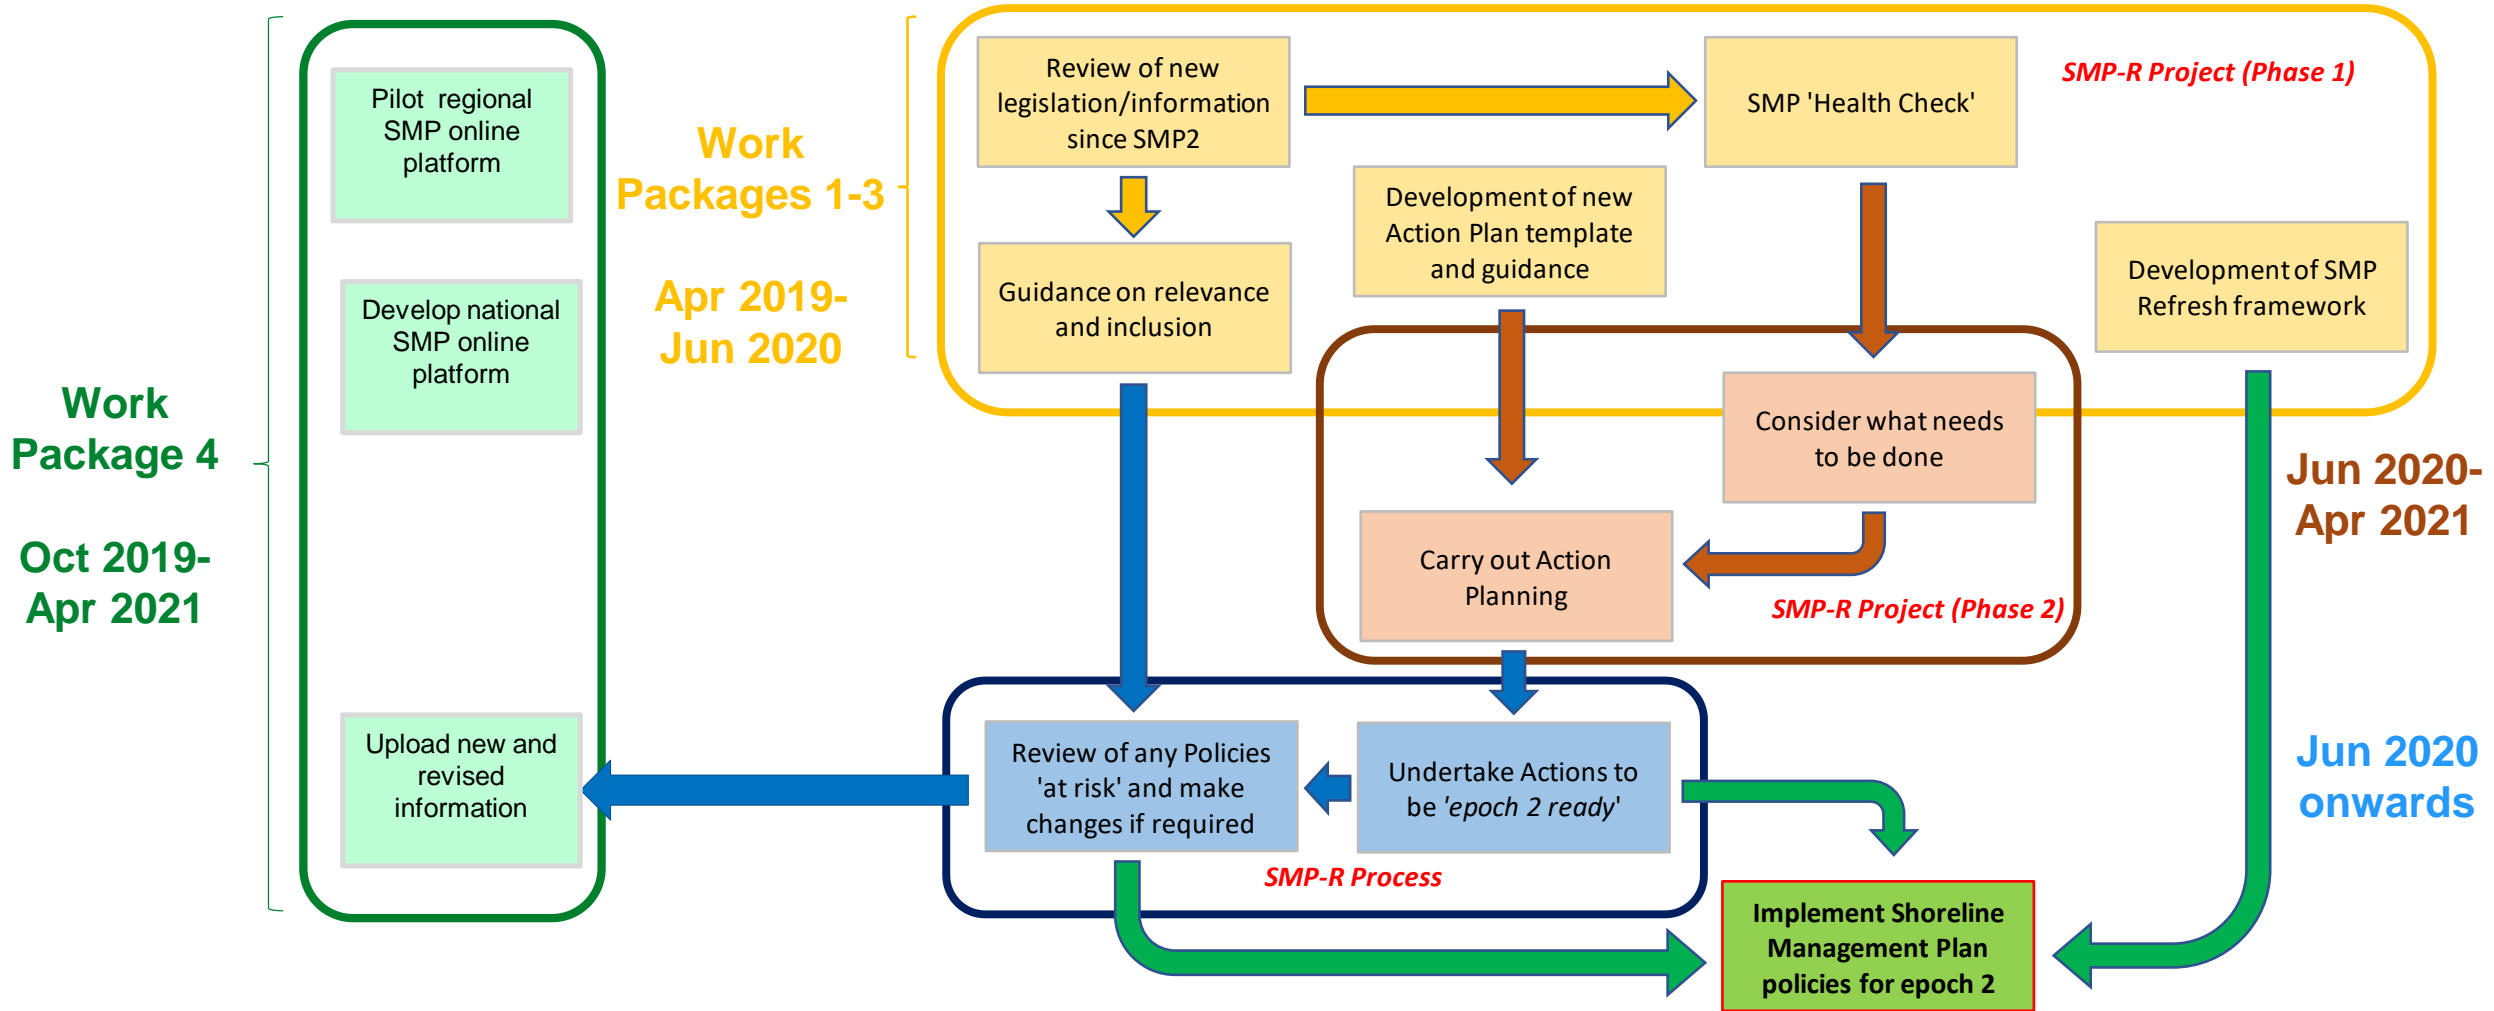

Clear and consistent

A refreshed line of sight

PROGRAMME OF WORK

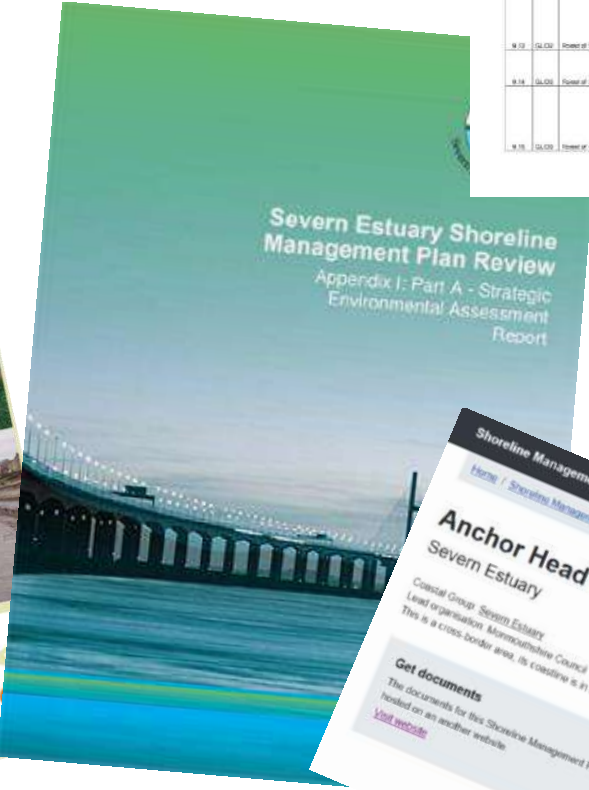

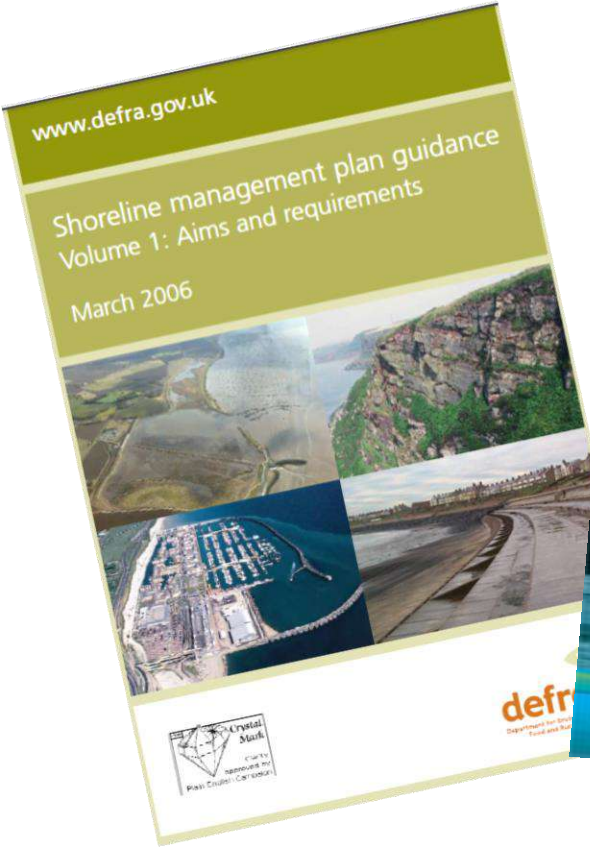

Shoreline Management Plan Refresh

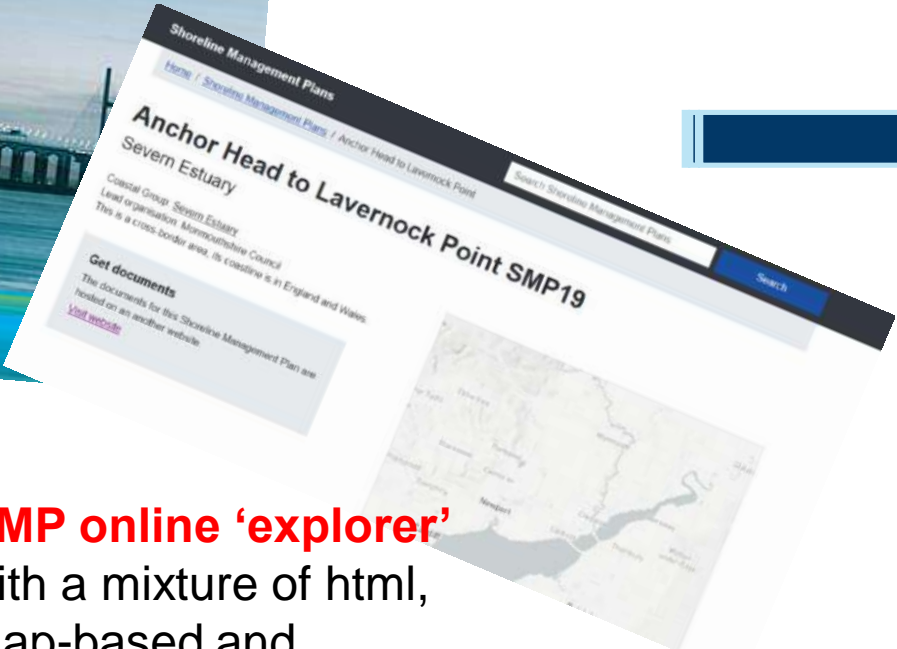

Outputs to outcomes

Action No.	Policy Unit	Local Authority Area	Country	Action	Objective	Resource	Lead partner	Other partners	Links to other plans
6.11	DL05	Covent of Devon	England	Review the current risk value of agricultural land in flood susceptible areas	To better understand the economic and land production implications of the agricultural land in flood susceptible areas	Report to be produced	Devon	EA, JCB, Flood of Devon District Council	DEFRA, Local Flood Risk Strategy, Severn-Tam, Severn-Tam Catchment Plan
6.12	DL05	Covent of Devon	England	Review the methods to improve the quality and availability of flood defence assets	To better understand the methods to improve the quality and availability of flood defence assets	Report to be produced	EA	Flood of Devon District Council	DEFRA, Local Flood Risk Strategy, Severn-Tam, Severn-Tam Catchment Plan
6.13	DL05	Covent of Devon	England	Review the methods to improve the quality and availability of flood defence assets	To better understand the methods to improve the quality and availability of flood defence assets	Report to be produced	EA	Covent National, Severn-Tam	DEFRA, Local Flood Risk Strategy, Severn-Tam, Severn-Tam Catchment Plan
6.14	DL05	Covent of Devon	England	Review the methods to improve the quality and availability of flood defence assets	To better understand the methods to improve the quality and availability of flood defence assets	Report to be produced	Flood of Devon District Council	EA	DEFRA, Local Flood Risk Strategy, Severn-Tam, Severn-Tam Catchment Plan
6.15	DL05	Covent of Devon	England	Review the methods to improve the quality and availability of flood defence assets	To better understand the methods to improve the quality and availability of flood defence assets	Report to be produced	EA	Severn-Tam	DEFRA, Local Flood Risk Strategy, Severn-Tam, Severn-Tam Catchment Plan

Governance framework to capture, resource and deliver action

SMP health checks that identify potential action

SHORELINE MANAGEMENT PLANNING

Supplementary guidance on management triggers, policy definition, UKCP18, funding, adaptation, linkage to other plans and strategies, CCMAAs...

SMP online 'explorer' with a mixture of html, map-based and documentary information

Emerging themes

We believe in SMPs!

People have changed

Two-tier view of SMP policies

Build on and learn from what we have already

Consider SMP3 timetable

Resource the implementation
