Coastal Futures Bursary

As part of our commitment to encouraging and supporting diversity, equity and inclusion, OCF is launching its first *Coastal Futures Bursary* in partnership with Esmée Fairbairn Foundation.

This opportunity is open for young people aged 18 to 30 years old, who are currently underrepresented in the marine and coastal sector and face financial barriers to attending. Individuals do not have to be working or studying in the sector currently but must reside in the UK.

Individuals from these underrepresented groups are particularly encouraged to apply for the bursary:

- you are a person of colour
- you have a disability that impacts your work or social activities
- you have been granted refugee status in the UK
- you have received free school meals, 16-19 Bursary or Pupil Premium
- you were the first generation of your family to go to university
- you entered university at undergraduate level from a care background
